Herb. 17: 209. 1913 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon bracteatus* Pilg. -- Bot. Jahrb. Syst. 54(4): 287. 1917 [13 Mar 1917] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon bracteatus* (Humb. & Bonpl. ex Willd.) Hitchc. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon bracteatus* Hitchcock -- Contr. U.S. Natl. Herb. xvii. 209 (1913). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon caesius* (Hook. & Arn.) Stapf -- Bull. Misc. Inform. Kew 1906(8): 341, 360. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon caesius* (Hook. & Arn.) Stapf subsp. *giganteus* (Chiov.) Sales -- Fl. Zambes. 10(4): 77 (2002). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon calcicola* C.E.Hubb. -- Bull. Misc. Inform. Kew 1941(1): 24. [8 Nov 1941] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon calciphilus* Bor -- Dansk Bot. Ark. xxiii. 157 (1965). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum*

Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon cambodgiensis* E.G.Camus & A.Camus -- Fl. Indo-Chine [P.H. Lecomte et al.] 7: 351. 1922 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon chevalieri* A.Camus -- Bull. Mus. Natl. Hist. Nat. 1919, xxv. 134. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon chrysargyreus* Stapf -- J. Bot. (Morot) sér. 2, 2: 213. 1909 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon circinnatus* Hochst. ex Hack. -- Monogr. Phan. [A.DC. & C.DC.] 6: 599. 1889 [Apr 1889] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon circinnatus* Hochst. ex Hook.f. -- Fl. Brit. India [J. D. Hooker] 7(21): 203. 1896 [Apr 1896] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon citratus* Stapf -- Bull. Misc. Inform. Kew 1906(8): 322, 357. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum*

Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon citriodorus* Link -- Enum. Hort. Berol. Alt. 1: 107. 1821 [16 Mar-30 Jun 1821] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon claessensii* Robyns -- Fl. Agrost. Congo Belge 145 (1929); Robyns in Bull. Jard. Bot. Brux. viii. 228(1930). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon clandestinus* Stapf -- Bull. Imp. Inst., Lond. 1929, xxvii 458. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon coloratus* Stapf -- Bull. Misc. Inform. Kew 1906(8): 321, 356. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon commutatus* Stapf -- Bull. Misc. Inform. Kew 1907(6): 211. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon commutatus* Stapf var. *jammuensis* (B.K.Gupta) H.B.Naithani -- Fl. Pl. India, Nepal & Bhutan 483. 1990 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon condensatus* Spreng. -- Syst. Veg., ed. 16 [Sprengel] 1: 289. 1824 [dated 1825; publ. in late 1824] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon confertiflorus* Stapf -- Bull. Misc. Inform. Kew 1906(8): 318, 355. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon confertiflorus* (Steud.) Stapf -- Bull. Misc. Inform. Kew 1906(8): 318. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon connatus* Chiov. -- Alc. Gram. Essenz. 13 (1909). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon cyanescens* Stapf -- J. Bot. (Morot) sér. 2, 2: 210. 1909 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon cymbarius* Rendle -- J. Linn. Soc., Bot. xxxviii. 241 (1908). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon densiflorus* Stapf -- Fl. Trop. Afr. [Oliver et al.] 9(2): 289. 1919 [29 Jan 1919] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon dependens* B.K.Simon -- *Austrobaileya* 3(1) 1989 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon dependens* B.K.Simon -- *Austrobaileya* 3(1): 80 (1989). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon dieterlenii* Stapf ex E.Phillips -- Ann. S. African Mus. 16: 336. 1917 ; nom. inval. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon dieterlenii* Stapf ex Schweick. -- Bull. Misc. Inform. Kew 1936(5): 325. [19 Aug 1936] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon diplandrus* De Wild. -- Bull. Jard. Bot. État Bruxelles 6: 11. 1919 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon distans* Duthie -- in [Atkins. Gaz. N. W. Ind.] 640. as key ingredient in indigenous anti-cancer Herbal Formulations after

enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon distans* (Nees ex Steud.) Will. Watson -- Bot. Himalayan Distr. N. W. Prov. 392 (1882). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon divaricatus* Stapf -- Fl. Trop. Afr. [Oliver et al.] 9(2): 278. 1919 [29 Jan 1919] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon eberhardtii* A. Camus -- Bull. Mus. Natl. Hist. Nat. 1919, xxv. 133. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon effusus* A. Camus -- Bull. Mus. Natl. Hist. Nat. 1918, xxiv. 536. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon elegans* Spreng. -- Pl. Min. Cogn. Pug. 2: 14. 1815 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon exaltatus* A. Camus -- Rev. Bot. Appl. Agric. Colon. 1921, i. 289. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Cymbopogon exaltatus* (R.Br.) Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis lobata* Ostenf. -- Bot. Tidsskr. 24: 394. 1902 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis longifolia* Schrad. ex Schult. -- Mant. 2 (Schultes) 351. 1824 [Jan-Apr 1824] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis madraspatensis* Roxb. ex Hook.f. -- Fl. Brit. India [J. D. Hooker] 7(22): 297. 1896 [early Dec 1896] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its

compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis marina* Borrill -- J. Linn. Soc., Bot. lvi. 437. 1961 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis maritima* Walter as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis maritima* Curt. -- Enum. Brit. Gr. 4. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis maritima* Walter -- Fl. Carol. [Walter] 77. 1788 [Apr-Jun 1788] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis maritima* (Hack.) Rivas Mart. -- Anales Inst. Bot. Cavanilles 34(2): 542. 1978 [1977 publ. 1978] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis maritima* Curtis as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis maritima* Schrad. -- Fl. Germ. (Schrader) i. 313. t. 6. f. i. 1806 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis massaviensis* Steud. -- Syn. Pl. Glumac. 1(3): 298. 1854 [1855 publ. 12-13 Apr 1854] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis massaviensis* Steud. -- Syn. Pl. Glumac. 1(3): 298. 1854 [1855 publ. 12-13 Apr 1854] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis memphitica* Spreng. -- Nachr. I. Bot. Gart. Halle, 20. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis metlesicsii* P.Schönfelder & D.Ludw. -- Willdenowia 26(1-2): 218. 1996 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis mucronata* Steud. -- Syn. Pl. Glumac. 1(3): 298. 1854 [1855 publ. 12-13 Apr 1854] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis nemorosa* Opiz ex Domin -- Acta Bot. Bohem. xiv. 24 (1943). as key ingredient in indigenous anti-cancer Herbal Formulations

after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis noeana* Steud. -- Syn. Pl. Glumac. 1(3): 297. 1854 [1855 publ. 12-13 Apr 1854] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis obtusifolia* Steud. -- Syn. Pl. Glumac. 1(3): 298. 1854 [1855 publ. 12-13 Apr 1854] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis ortmanniana* Opiz & Domin -- Sesnam Rostl. Kvet. Ceske (Mala Encykl. Nauk, Dil x.) 36 (1852); Domin in Acta Bot. Bohem. xiv. 24 (1943), cum descr. ampl. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis ortmanniana* Opiz -- Seznam 36. 1852 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis ovata* Steud. -- Syn. Pl. Glumac. 1(3): 298. 1854 [1855 publ. 12-13 Apr 1854] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum polyrhizum* Lindl. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal grasses and sedges) *Dactylis ovata* Steud. -- Syn. Pl. Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria subsect. Trichachne* Stapf -- *Flora of Tropical Africa* 9 1918 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum reptans* (Lindl.) Lindl. ex Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria sect. Trichachne* Stapf - *Flora Capensis* 7 1900 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum reptans* (Lindl.) Lindl. ex Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria abludens* (Roem. & Schult.) Veldkamp -- *Blumea* 21(1): 53. 1973 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum reptans* (Lindl.) Lindl. ex Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria abortiva* Reeder -- J. Arnold Arbor. xxix. 291 (1948). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum reptans* (Lindl.) Lindl. ex Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria abyssinica* Stapf -- Bull. Misc. Inform. Kew 1907(6): 213. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum reptans* (Lindl.) Lindl. ex Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria abyssinica* (Hochst. ex A.Rich.) Stapf -- Bull. Misc. Inform. Kew 1907(6): 213. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum reptans* (Lindl.) Lindl. ex Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria abyssinica* (Hochst.) Stapf -- Bulletin of Miscellaneous Information, Kew 1907 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum reptans* (Lindl.) Lindl. ex Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria acrotricha* (Steud.) Roberty -- Fl. Ouest-Afr. 397 (1954); Roberty in Bull. Inst. Franc. Afr. Noire, Ser. A, xvii. 63 (1955). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum reptans* (Lindl.) Lindl. ex Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria acuminatissima* Stapf -- Fl. Trop. Afr. [Oliver et al.] 9(3): 441. 1919 [24 Jan 1919] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum reptans* (Lindl.) Lindl. ex Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria acuminatissima* Stapf subsp. *inermis* Goetgh. -- Bull. Jard. Bot. Natl. Belg. 45(3-4): 418. 1975 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum reptans* (Lindl.) Lindl. ex Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria adamaouensis* Zon -- Wageningen Agr. Univ. Pap. 92(1:2): 557, 327 (1992). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum reptans* (Lindl.) Lindl. ex Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria adpressa* Bojer -- Hortus Maurit. 363. 1837 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum reptans* (Lindl.) Lindl. ex Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria adscendens* Henrard as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its

compatibility with *Bulbophyllum reptans* (Lindl.) Lindl. ex Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria adscendens* (Kunth) Henrard -- *Blumea* 1: 92. 1934 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum reptans* (Lindl.) Lindl. ex Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria adscendens* (Kunth) Henrard -- *Blumea* 1 1935 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum reptans* (Lindl.) Lindl. ex Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria adscendens* (Kunth) Henrard -- *Blumea* i. 92 (1934), in obs. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum reptans* (Lindl.) Lindl. ex Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria adscendens* Henrard subsp. *chrysoblephara* (Fig. & De Not.) Henrard as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum reptans* (Lindl.) Lindl. ex Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria adscendens* (Kunth) Henrard subsp. *chrysoblephara* (Fig. & De Not.) R.R.Stewart -- Fl. W. Pakistan 117, name not accepted (see *D. ciliaris* var. *chrysoblephara* below). 1972 ; Annot. Cat. Vasc. Pl. W. Pakistan & Kashmir as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum reptans* (Lindl.) Lindl. ex Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria adscendens* subsp. *marginata* (Link) Henrard -- Monograph of the Genus *Digitaria* 1950 in clavi. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum reptans* (Lindl.) Lindl. ex Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors

(NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria adscendens* (Kunth) Henrard var. *rhachiseta* Henrard -- Monogr. *Digitaria* 11 (fig.). 1950 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum reptans* (Lindl.) Lindl. ex Wall. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria adscendens* (Kunth) Henrard var. *rhachiseta* Henrard as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum reptans* (Lindl.)
